Independent Auditors' Report

To the Board of Directors of Twinhead International Corp.:

Opinion

We have audited the consolidated financial statements of Twinhead International Corp. and its subsidiaries ("the Group"), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2023 and 2022 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), interpretation as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year end December 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below as the key audit matters to be communicated in our report.

Inventory measurement

Please refer to note 4(h), note 5, and note 6(c) of the consolidated financial statements for details on the information about inventory measurement.

Description of key audit matter:

The inventory of the Group includes inventory for production and repair. Since the technology in the computer industry changes rapidly, market demand may change in the meantime. Because of the market change and aging situation, the carrying value of inventories may exceed its net realized value. As the subsequent measurement of inventory depends on the evaluation of the management based on several evidence. Therefore, we consider it as a key audit matter.

How the matter was addressed in our audit:

The key audit procedures performed are to understand management's accounting policy of inventory measurement and determine whether if it is reasonable and is being implement. The procedures include reviewing the inventory aging documents and analyzing its changes; obtaining the documents of inventory measurement and evaluating whether if the basis used for net realizable value is reasonable; selecting samples and verifying them with the vouchers to test the accuracy of the amount; and reviewing whether the disclosure of inventory measurement made by the management is appropriate.

Other Matter

Twinhead International Corp. has additionally prepared its parent company only financial statements as of and for the years ended December 31, 2023 and 2022, on which we have issued an unqualified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, interpretation as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

4-3

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Huang, Po-Shu and Wu, Chung-Shun.

KPMG

Taipei, Taiwan (Republic of China) March 13, 2024

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated statement of financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' audit report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' audit report and consolidated financial statements, the Chinese version shall prevail.

TWINHEAD INTERNATIONAL CORP. AND SUBSIDIARIES

Notes to the Consolidated Financial Statements

For the years ended December 31, 2023 and 2022

(Expressed in Thousands of New Taiwan Dollar, Unless Otherwise Specified)

(1) Company history

TWINHEAD INTERNATIONAL CORP. (the Company) was incorporated on February 27, 1984, as a company limited by shares under the laws of the Republic of China (ROC). The consolidated financial statements comprise the Company and its subsidiaries (the Group). The Group is mainly engaged in the design, manufacture, sale and development of computers, computer components, peripherals, software, ASIC chips and workstations, and operation of telecommunication-related business.

(2) Approval date and procedures of the consolidated financial statements

The consolidated financial statements were approved by the Board of Directors and issued on March 13, 2024.

(3) New standards, amendments and interpretations adopted

(a) The impact of the International Financial Reporting Standards ("IFRSs") endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2023:

- Amendments to IAS 1 "Disclosure of Accounting Policies"
- Amendments to IAS 8 "Definition of Accounting Estimates"
- Amendments to IAS 12 "Deferred Tax related to Assets and Liabilities arising from a Single Transaction"

The Group has initially adopted the new amendment, which do not have a significant impact on its consolidated financial statements, from May 23, 2023:

- Amendments to IAS 12 "International Tax Reform Pillar Two Model Rules"
- (b) The impact of IFRS issued by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2024, would not have a significant impact on its consolidated financial statements:

- Amendments to IAS 1 "Classification of Liabilities as Current or Non-current"
- Amendments to IAS 1 "Non-current Liabilities with Covenants"
- Amendments to IAS 7 and IFRS 7 "Supplier Finance Arrangements"
- Amendments to IFRS 16 "Lease Liability in a Sale and Leaseback"

Notes to the Consolidated Financial Statements

(c) The impact of IFRS issued by IASB but not yet endorsed by the FSC

The Group does not expect the following new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture"
- IFRS 17 "Insurance Contracts" and amendments to IFRS 17 "Insurance Contracts"
- Amendments to IFRS 17 "Initial Application of IFRS 17 and IFRS 9 Comparative Information"
- Amendments to IAS21 "Lack of Exchangeability"

(4) Summary of material policies

The significant accounting policies presented in the consolidated financial statements are summarized as follows. The following accounting policies have been applied consistently throughout the presented periods in the consolidated financial statements.

(a) Statement of compliance

The consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers (hereinafter referred to as "the Regulations") and the IFRSs endorsed by the FSC.

(b) Basis of preparation

(i) Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis except for those otherwise specified in the notes to accounting policies.

(ii) Functional and presentation currency

The functional currency of each individual consolidated entity is determined based on the primary economic environment in which the entity operates. The consolidated financial statements are presented in New Taiwan dollar, which is Company's functional currency. The assets and liabilities of foreign operations are translated to the Group's functional currency at the exchange rates at the reporting date. The income and expenses of foreign operations are translated to the Group's functional currency at the average rate. Foreign currency differences are recognized in other comprehensive income. All financial information presented in New Taiwan dollars has been rounded to the nearest thousand.

(c) Basis of consolidation

(i) Principles of preparation of consolidated financial statements

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. The Company controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its control over the investee.

Notes to the Consolidated Financial Statements

The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases. Intragroup transactions and balances, and any unrealized income and expenses arising from intragroup transactions are eliminated in preparing the consolidated financial statements. The Group attributes the profit or loss and each component of other comprehensive income to the owners of the parent and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of the subsidiaries to bring their accounting policies to align with those used by the Group.

(ii) List of subsidiaries included in the consolidated financial statements

The consolidated entities were as follows:

			Percentage of		
Name of			December	December	
investor	Name of subsidiary	Principal activity	31, 2023	31, 2022	Remarks
The Company	Durabook Americas Inc. (Durabook)	The trading of computers and computer peripheral equipment	80.000 %	80.000 %	
The Company	Twinhead (Asia) Pte Ltd. (Twinhead (Asia))	Investment holding	100.000 %	100.000 %	
Twinhead (Asia) Pte Ltd.	Twinhead Enterprises (BVI) Ltd.	Investment holding	100.000 %	100.000 %	
Twinhead (Asia) Pte Ltd.	Twinhead Kunshan Technology Co., Ltd. (Twinhead Kunshan)	Sales and production of PDAs, calculators and their parts, and computer keyboards	100.000 %	100.000 %	
Twinhead (Asia) Pte Ltd.	Kunshan Lun Teng System Co., Ltd. (Kunshan Lun Teng)	Import and export of computers, electronic components, and digital cameras, and technical consultant services	100.000 %	100.000 %	

(d) Foreign currencies

Transactions in foreign currencies are translated into the respective functional currencies of Group entities at the exchange rates at the dates of the transactions. At the end of each subsequent reporting period, monetary items denominated in foreign currencies are translated into the functional currencies using the exchange rate at that date. Non-monetary items denominated in foreign currencies that are measured at fair value are translated into the functional currencies using the exchange rate at the date that the fair value was determined. Non-monetary items denominated in foreign currencies that are measured based on historical cost are translated using the exchange rate at the date of the transaction.

Exchange differences are generally recognized in profit or loss, except for those differences relating to the following, which are recognized in other comprehensive income:

- an investment in equity securities designated as at fair value through other comprehensive income;
- a financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective; or
- qualifying cash flow hedges to the extent that the hedges are effective.

Notes to the Consolidated Financial Statements

When the settlement of a monetary receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, exchange differences arising from such a monetary item that are considered to form part of the net investment in the foreign operation are recognized in other comprehensive income.

- (e) Classification of current and non-current assets and liabilities
 - (i) An asset is classified as current under one of the following criteria, and all other assets are classified as noncurrent.
 - 1) It is expected to be realized, or intended to be sold or consumed, in the normal operating cycle;
 - 2) It is held primarily for the purpose of trading;
 - 3) It is expected to be realized within twelve months after the reporting period; or
 - 4) The asset is cash or a cash equivalent (as defined in IAS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
 - (ii) A liability is classified as current under one of the following criteria, and all other liabilities are classified as non-current.
 - 1) It is expected to be settled in the normal operating cycle;
 - 2) It is held primarily for the purpose of trading;
 - 3) It is due to be settled within twelve months after the reporting period; or
 - 4) The Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by issuing equity instruments do not affect its classification.
- (f) Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value. Time deposits which meet the above definition and are held for the purpose of meeting short term cash commitments rather than for investment or other purposes should be recognized as cash equivalents.

Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the consolidated statement of cash flows.

Notes to the Consolidated Financial Statements

(g) Financial instruments

Trade receivables and debt securities issued are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(i) Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

On initial recognition, a financial asset is classified as measured at: amortized cost; Fair value through other comprehensive income (FVOCI) equity investment and FVTPL.

The Group shall reclassify all affected financial assets on the first day of the first reporting period only when it changes its business model for managing its financial assets.

1) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- · it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at amortized cost, which is the amount at which the financial asset is measured at initial recognition, plus/minus, the cumulative amortization using the effective interest method, adjusted for any loss allowance. Interest income, foreign exchange gains and losses, as well as impairment, are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.

2) Fair value through other comprehensive income (FVOCI)

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an instrument-by-instrument basis.

Equity investments at FVOCI are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to profit or loss.

Dividend income is recognized in profit or loss on the date on which the Group's right to receive payment is established.

Notes to the Consolidated Financial Statements

3) Fair value through profit or loss (FVTPL)

All financial assets not classified as amortized cost or FVOCI described as above are measured at FVTPL, including derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset, which meets the requirements to be measured at amortized cost or at FVOCI, as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss.

4) Impairment of financial assets

The Group recognizes loss allowances for expected credit losses (ECL) on financial assets measured at amortized cost (including cash and cash equivalents, notes and trade receivables (including related parties) and guarantee deposit paid).

The Group measures loss allowances at an amount equal to lifetime ECL, except for the following which are measured as 12-month ECL:

- · debt securities that are determined to have low credit risk at the reporting date; and
- · other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowance for trade receivables and contract assets are always measured at an amount equal to lifetime ECL.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Group's historical experience and informed credit assessment as well as forward-looking information.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Notes to the Consolidated Financial Statements

At each reporting date, the Group assesses whether financial assets carried at amortized cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The Group recognizes the amount of expected credit losses (or reversal) in profit or loss, as an impairment gain or loss.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

5) Derecognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

(ii) Financial liabilities and equity instruments

1) Classification of debt or equity

Debt and equity instruments issued by the Group are classified as financial liabilities or equity in accordance with the substance of the contractual agreements and the definitions of a financial liability and equity instrument.

2) Equity instrument

An equity instrument is any contract that evidences residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued are recognized as the amount of consideration received, less the direct cost of issuing.

Preferred share capital is classified as equity if it is non-redeemable, or redeemable only at the Group's option, and any dividends are discretionary. Discretionary dividends thereon are recognized as distributions within equity upon approval by the Group's shareholders.

Preferred share capital is classified as a financial liability if it is redeemable on a specific date or at the option of the shareholders, or if dividend payments are not discretionary.

The Group classifies preferred share capital with the characteristics of a financial liability issued before January 1, 2006, as equity in accordance with Rule No. 10000322083 issued by the FSC.

Notes to the Consolidated Financial Statements

Compound financial instruments issued by the Group comprise convertible bonds that can be converted into ordinary shares at the option of the holder, when the number of shares to be issued is fixed and does not vary with changes in fair value.

The liability component of a compound financial instrument is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The equity component is recognized initially at the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of a compound financial instrument is measured at amortized cost using the effective interest method. The equity component of a compound financial instrument is not re-measured subsequent to initial recognition.

Interest, gains, or losses related to financial liabilities are recognized in profit or loss and recorded under non-operating income and expenses.

On conversion, the financial liability is reclassified to equity, and no gain or loss is recognized.

3) Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

4) Derecognition of financial liabilities

The Group derecognizes a financial liability when its contractual obligations are discharged, cancelled or expire. The Group also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

On derecognition of a financial liability, the difference between the carrying amount of a financial liability extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

Notes to the Consolidated Financial Statements

5) Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(h) Inventories

The cost of inventories consists of all costs of purchase, costs of conversion, and other costs incurred in bringing the inventories to their present location and condition. The costs of finished goods and work in progress adopt the standard cost method. The difference between standard and actual costing is fully classified as operating cost and allocated to the ending balance of inventories.

Inventories are measured at the lower of cost or net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses at the end of the period. When the cost of inventories is higher than the net realizable value, inventories are written down to net realizable value, and the write-down amount is charged to current year's cost of goods sold. If net realizable value increases in the future, the cost of inventories is reversed within the original write-down amount, and such reversal is treated as a reduction of cost of goods sold.

(i) Non-current assets held for sale

Non-current assets or disposal groups comprising assets and liabilities that are expected to be recovered primarily through sale rather than through continuing use, are reclassified as held for sale. Immediately before classification as held for sale, the assets, or components of a disposal group, are remeasured in accordance with the Group's accounting policies. Thereafter, generally, the assets or disposal groups are measured at the lower of their carrying amount and fair value less costs to sell.

Any impairment loss on a disposal group will first be allocated to goodwill, and then to remaining assets and liabilities on a pro rata basis, except that no loss is allocated to assets not within the scope of IAS 36 – Impairment of Assets. Such assets will continue to be measured in accordance with the Group's accounting policies.

Impairment losses on assets initially classified as held for sale and any subsequent gains or losses on remeasurement are recognized in profit or loss. Gains are not recognized in excess of any cumulative impairment loss.

When the assets classified as held for sale are property, plant and equipment or intangible assets, they are no longer depreciated nor amortized.

(j) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and any accumulated impairment losses.

Notes to the Consolidated Financial Statements

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Reclassification to investment property

Property is reclassified to investment property at its carrying amount when the use of the property changes from owner-occupied to investment property.

(iii) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iv) Depreciation

Depreciation is calculated on the cost of an asset less its residual value and is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment.

Land has an unlimited useful life and therefore is not depreciated.

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

Buildings 4~62 years
 Machinery 2~15 years
 Other equipment 2~10 years

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

(k) Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a lessee

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Notes to the Consolidated Financial Statements

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be reliably determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- payments for purchase or termination options that are reasonably certain to be exercised.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when:

- there is a change in future lease payments arising from the change in an index or rate; or
- there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a change in the lease term resulting from a change of its assessment on whether it
 will exercise an option to purchase the underlying assets; or
- there is a change of its assessment on whether it will exercise a purchase, extension or termination option; or
- there is any lease modifications

When the lease liability is remeasured, other than lease modifications, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or in profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

When the lease liability is remeasured to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease, the Group accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognize in profit or loss any gain or loss relating to the partial or full termination of the lease.

The Group presents right-of-use assets that do not meet the definition of investment and lease liabilities as a separate line item respectively in the statement of financial position.

Notes to the Consolidated Financial Statements

The Group has elected not to recognize the right-of-use assets and lease liabilities for the leases of its low-value assets, including its office and dormitory. The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(ii) As a lessor

When the Group acts as a lessor, it determines at lease commencement whether each lease is a finance lease or an operating lease. To classify each lease, the Group makes an overall assessment of whether the lease transfers to the lessee substantially all of the risks and rewards of ownership incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then the lease is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

(l) Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, or for use in the production or supply of goods or services, or for administrative purposes. Investment property is measured at cost on initial recognition and subsequently measured under the cost model, and depreciation expense is calculated using the depreciable amount. The depreciation method, useful life, and residual amount are the same as those adopted for property, plant and equipment. Cost includes expenditure that is directly attributable to the acquisition of the investment property and any other cost.

When the use of an investment property changes such that it is reclassified as property, plant and equipment, its carrying amount at the date of reclassification becomes its cost for subsequent accounting.

(m) Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories and deferred income tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognized in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

Notes to the Consolidated Financial Statements

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(n) Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

A provision for warranties is recognized when the underlying products or services are sold. The provision is based on historical warranty data and a weighing of all possible outcomes against their associated probabilities.

(o) Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring goods or services to a customer. The Group recognizes revenue when it satisfies a performance obligation by transferring control of a good or a service to a customer. The accounting policies for the Group's main types of revenue are explained below.

(i) Sale of goods

The Group is mainly engaged in the manufacture, sale and development of computers, computer components, and peripherals, and operation of telecommunication-related business. The Group recognizes revenue when control of the products has transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

A receivable is recognized when the goods are delivered as this is the point in time that the Group has a right to an amount of consideration that is unconditional.

(ii) Financing components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

(p) Government grants

The Group recognizes an unconditional government grant related to the U.S. Paycheck Protection Program in profit or loss as non-operating income.

Notes to the Consolidated Financial Statements

(q) Employee benefits

(i) Defined contribution plans

Obligations for contributions to defined contribution pension plans are recognized as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

(ii) Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(r) Income taxes

Income taxes comprise current taxes and deferred taxes. Except for expenses related to business combinations or recognized directly in equity or other comprehensive income, all current and deferred taxes are recognized in profit or loss.

Current taxes comprise the expected tax payables or receivables on the taxable profits (losses) for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payables or receivables are the best estimate of the tax amount expected to be paid or received. It is measured using tax rates enacted or substantively enacted at the reporting date.

Deferred taxes arise due to temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases. Deferred taxes are recognized except for the following:

- (i) temporary differences on the initial recognition of assets and liabilities in a transaction that is not a business combination and that (i) affects neither accounting nor taxable profits (losses) at the time of the transaction and (ii) does not give rise to equal taxable and deductible temporary differences;
- (ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- (iii) taxable temporary differences arising on the initial recognition of goodwill.

Deferred taxes are measured at tax rates that are applied to temporary differences when they reserve, using tax rates enacted or substantively enacted at the reporting date.

Notes to the Consolidated Financial Statements

Deferred tax assets and liabilities are offset if the following criteria are met:

- (i) the Group has a legally enforceable right to set off current tax assets against current tax liabilities; and
- (ii) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:
 - 1) the same taxable entity; or
 - 2) different taxable entities which intend to settle current tax assets and liabilities on a net basis, or to realize the assets and liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Deferred tax assets are recognized for the carry forward of unused tax losses, unused tax credits, and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realized; such reductions are reversed when the probability of future taxable profits improves.

(s) Earnings per share

The Group discloses the Company's basic and diluted earnings per share attributable to ordinary equity holders of the Company. Basic earnings per share is calculated as the profit attributable to ordinary shareholders of the Company divided by the weighted average number of ordinary shares outstanding. An increase in ordinary shares which is from appropriation of retained earnings or capital surplus, or a decrease in ordinary shares which is to offset accumulated deficit, is added to or deducted from the shares outstanding retroactively. The shares outstanding are also adjusted retroactively if the recording date of the appropriation or share-based payment transaction is within the subsequent period. Diluted earnings per share is calculated as the profit attributable to ordinary shareholders of the Company, divided by the weighted-average number of ordinary shares outstanding after adjustment for the effects of all dilutive potential ordinary shares. The potentially diluted ordinary shares of the Group are convertible preference shares.

(t) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group). Operating results of the operating segment are regularly reviewed by the Group's chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. It has been identified that the Group has only one reportable segment.

(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty

The preparation of the consolidated financial statements in conformity with the Regulations and the IFRSs endorsed by the FSC requires management to make judgments, estimates, and assumptions that affect the application of the accounting policies and the reported amount of assets, liabilities, income, and expenses. Actual results may differ from these estimates.

Notes to the Consolidated Financial Statements

The management continues to monitor the accounting estimates and assumptions. The management recognizes any changes in accounting estimates during the period and the impact of those changes in accounting estimates in the following period.

There are no critical judgments in applying the accounting policies that have significant effect on the amounts recognized in the consolidated financial statements.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year is as follows:

Inventory measurement

Since inventories are measured at the lower of cost or net realizable value, the Group estimates the net realizable value of inventories for obsolescence and unmarketable items at the end of the reporting period and then writes down the cost of inventories to net realizable value. The net realizable value of the inventory is mainly determined based on assumptions as to future demand within a specific time horizon. Due to the rapid industrial transformation, there may be significant changes in the net realizable value of inventories. Refer to note 6(c) for further description of the valuation of inventories.

(6) Explanation of significant accounts

(a) Cash and cash equivalents

	Dec	ember 31, 2023	December 31, 2022	
Petty cash	\$	381	291	
Checking and demand deposits		143,853	168,705	
Time deposits		220,676	61,420	
Cash and cash equivalents per consolidated statements of cash flows	\$	364,910	230,416	

The Group's exposure to interest rate risk and the sensitivity analysis for the financial instruments held by the Group are disclosed in note 6(s).

(b) Accounts receivables (including related parties)

	Dec	2023	2022
Accounts receivable	\$	52,666	89,909
Accounts receivable - related parties		165	774
Less: allowance for impairment			73
	\$	52,831	90,610

Dagamban 21

Dagamban 21

Notes to the Consolidated Financial Statements

The Group applies the simplified approach to provide for its expected credit losses, i.e. the use of lifetime expected loss provision for all accounts receivables (including related parties). To measure the expected credit losses, accounts receivable (including related parties) have been grouped based on shared credit risk characteristics and the days past due, as well as incorporated forward looking information, including macroeconomic and relevant industry information. The loss allowance provision was determined as follows:

	December 31, 2023							
	a (Ir	s carrying mount ncluding ed parties)	Weighted- average loss rate	Loss allowance provision				
Current	\$	45,974	-	-				
1 to 30 days past due		6,812	-	-				
31 to 60 days past due		45	-					
	\$	52,831						
		2						
	a (Ir	s carrying mount ncluding ed parties)	Weighted- average loss rate	Loss allowance				
Current	\$	69,115	-					
1 to 30 days past due		20,482	-	-				
31 to 60 days past due		834	9.44%	73				
181 to 365 days past due		1	-	-				
Past due over 365 days		251	-					
	\$	90,683		73				

The movement in the allowance for impairment with respect to notes and accounts receivable of the Group was as follows:

	20)23	2022	
Balance at beginning of the period	\$	73	-	
Impairment losses recognized		19		71
Amounts written off		(94)	-	
Effect of changes in exchange rate		2		2
Balance at end of the period	\$	<u>-</u>		73

The Group did not hold any collateral for the collectible amounts.

Notes to the Consolidated Financial Statements

(c) Inventories

The components of the Group's inventories were as follows:

		December 31, 2023		
Merchandise	\$	5,285	3,714	
Finished goods		74,184	71,391	
Work in progress		8,185	13,351	
Raw materials and supplies		167,311	164,439	
Goods in transit		4,732	2,560	
	\$	259,697	255,455	

As of December 31, 2023 and 2022, the Group's inventories were not provided as pledged assets.

Except for operating costs arising from the ordinary sale of inventories, other losses directly recorded under operating costs were as follows:

	2023		2022
Loss on decline in market value of inventory	\$	7,106	10,712

(d) Non-current financial assets at fair value through other comprehensive income

	D	ecember 2023	31,	December 31, 2022
Equity investments at fair value through other comprehensive income:				
Unlisted stocks (domestic)	\$	-		622
Unlisted stocks (overseas)			53	57
Total	\$		53	<u>679</u>

(i) Equity investments at fair value through other comprehensive income

The Group designated the investments shown above as equity securities as at fair value through other comprehensive income because these equity securities represent those investments that the Group intends to hold for long-term for strategic purposes.

In addition, EUROC Venture Capital Corp. was dissolved on May 10, 2022, by a resolution of the shareholders' meeting, with the base date set on May 31, 2022, and as of December 21, 2023, the liquidation process was completed. The Group received liquidation proceeds amounting to \$581 thousand, and transferred \$4,608 thousand of the cumulative loss from other equity to retained earnings. The dividend income from the investee amounted to \$480 thousand for the year ended December 31, 2022.

No strategic investments were disposed for the year ended December 31, 2022, and there were no transfers of any cumulative gain or loss related to these investments within equity.

Notes to the Consolidated Financial Statements

- (ii) For credit risk and market risk, please refer to note 6(s).
- (iii) The Group did not provide the financial assets as collateral.

(e) Property, plant and equipment

The cost, depreciation, and impairment of the property, plant and equipment of the Group were as follows:

					Other

January 1, 2022	\$	107,832	161,136	3,811	5,367	278,146

(i) Impairment loss and subsequent reversal

As of December 31, 2023 and 2022, the accumulated property impairment amounted to \$10,593 thousand. The above accumulated asset impairment was recognized based on the carrying value of the factory land at Da Fa Industrial exceeding its estimated recoverable amount. After assessment, no additional impairment loss should be recognized for the years ended December 31, 2023 and 2022.

Notes to the Consolidated Financial Statements

(ii) Collateral

As of December 31, 2023 and 2022, the Group's property, plant and equipment were provided as pledged assets; please refer to note 8.

(iii) Sales

The land and factory located in Linyuan were reclassified to non-current assets held for sales in March 2023 and was subsequently sold in May 2023 for a net price of \$20,001 thousand. As the result, gains on disposal of \$17,141 thousand were recognized and recorded under other gains and losses.

(f) Right-of-use assets

The Group leases many assets including its land, buildings and transportation equipment. Information about leases, for which the Group is the lessee, is presented below:

		Land	Building	Machinery	Total
Cost:					
Balance at January 1, 2023	\$	10,978	82,172	2,641	95,791

Investment property is commercial properties that are leased to third parties. Each of the leases contains an initial non-cancellable period of $1\sim3$ years. Subsequent renewals are negotiable with the lessee, and no contingent rents are charged. Please refer to note 6(j) for further information.

The fair value of investment property is based on a valuation by an independent appraiser who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The valuation is based on market price. The parameters used by the fair value valuation technique belong to the third hierarchy.

The investment properties of the Group are located at Kunshan City, Jiangsu Province, China and Xindian Dist., New Taipei City, Taiwan. The range of yields applied to the net annual rentals to determine the fair value of the property for which the current prices in an active market are unavailable was 1.04%~5.50% and 1.58%~6.60% for the years ended December 31, 2023 and 2022, respectively.

Notes to the Consolidated Financial Statements

As of December 31, 2023 and 2022, the Group's investment properties were provided as pledged assets; please refer to note 8.

(h) Short-term borrowings

The details of the Group's short-term borrowings were as follows:

	December 31, 2023			
	Currency	Interest rate (%)	Maturity year	Amount
Unsecured loans	TWD	2.12~2.13	2024	\$ 90,000
Secured bank loans	TWD	2.13	2024	462,000
Total				\$ 552,000

	Currency			Amount
Unsecured loans	Currency TWD	Interest rate	Maturity	Amount \$ 70,000
Unsecured loans Secured bank loans		Interest rate (%)	Maturity year	·

As of December 31, 2023 and 2022, the unused credit facilities amounted to \$524,240 thousand and \$394,240 thousand, respectively.

Please refer to note 6(s) for the Group's risk exposures relating to interest rate, currency, and liquidity risk.

The Group has pledged certain assets against the loans; please refers to note 8 for additional information.

	\$ 3,729	11,842	15,571

(i) Decommissioning liabilities

The provision was the estimation for removing, moving and restoring the lease assets according to the lease contract, which were recognized as long-term liabilities. The future cost shall result in an uncertainty of provision due to the long-term lease of the office. Related costs are expected to occur after the lease term reaches its maturity.

(ii) Other provisions

Provisions were estimated based on the historical data on warranties on merchandise and services, which are mainly associated with the Group's business products. The Group expects to settle the majority of the liability over the next one to three years.

(j) Lease liabilities

The Group's lease liabilities were as follow:

	De	December 31, 2023	
Current	<u>\$</u>	19,852	17,066
Non-current	\$	65,515	3,812

For the maturity analysis, please refer to note 6(s) financial instruments.

The amounts recognized in profit or loss were as follows:

		2023	2022
Interest on lease liabilities	\$	695	628
Expenses relating to leases of low-value assets, excluding	<u> </u>	1.044	525
short-term leases of low-value assets	\$ <u></u>	1,044	525

The amounts recognized in the statement of cash flows for the Group were as follows:

		2023	2022
Total cash outflow for leases	<u>\$</u>	21,878	18,040

Notes to the Consolidated Financial Statements

(i) Real estate leases

The Group leases land and buildings for its office space. The leases of its office space typically run for a period of 5 to 7 years. Some leases include an option to renew the lease for an additional period of the same duration after the end of the contract term.

(ii) Other leases

The Group leases transportation equipments with lease terms of three years. The Group has options to purchase the assets at the end of the contract term.

The Group also leases office and dormitory with contract terms of 1 to 2 years. These leases are leases of low-value items. The Group has elected not to recognize right-of-use assets and lease liabilities for these leases.

(k) Operating leases

The Group leases out its investment property. The Group has classified these leases as operating leases, because it does not transfer substantially all of the risks and rewards incidental to the ownership of the assets. Please refer to note 6(g) for the information of investment property.

A maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date is as follows:

	Dec	December 31, 2022	
Less than one year	\$	23,237	17,820
One to two years		14,041	9,196
Two to three years		7,737	
Total undiscounted lease payments	\$	45,015	27,016

Rental income from investment properties was \$24,167 thousand and \$24,259 thousand for the years ended December 31, 2023 and 2022, respectively. The direct expenses from investment properties were \$1,427 thousand and \$1,460 thousand for the years ended December 31, 2023 and 2022, respectively.

(l) Employee benefits

(i) Defined contribution plans

The Company allocates 6% of each employee's monthly wages to the labor pension personal account at the Bureau of Labor Insurance in accordance with the provisions of the Labor Pension Act. Under these defined contribution plans, the Company allocates a fixed amount to the Bureau of Labor Insurance without additional legal or constructive obligation.

Notes to the Consolidated Financial Statements

The employees of the Durabook Americas Inc. could choose a specific ratio (adjusted by the inflation rate) to contribute their own pensions under the definition of the pension plan. The employees contribute 50% of the pension voluntarily and the contribution shall not exceed a specific ratio of the salary. Durabook Americas Inc. recognized the amount of the retirement fund that should be allocated according to the pension plan as current expense.

Except for the two subsidiaries of the Group, namely, Twinhead (Asia) Pte. Ltd. and Twinhead Enterprises (BVI) Ltd., which are not eligible for the pension plan, the defined benefit plan of the other subsidiaries (Twinhead Kunshan Technology Co., LTD., and Kunshan Lun Teng System Co., Ltd.) are based on the local regulations of their respective locations; and all the contributions made to such plans are recognized as current expenses.

The Group's pension costs under the defined contribution plan were \$8,239 thousand and \$7,729 thousand for the years ended December 31, 2023 and 2022, respectively.

(ii) Short-term employee benefit liabilities

	Dece	ember 31,	December 31,	
		2023	2022	
Compensated absence liabilities	<u>\$</u>	9,014	8,640	

(m) Income taxes

(i) Income tax expenses

The amount of the Group's income tax for the years ended December 31, 2023 and 2022, was as follows:

	2023		2022
Current income tax expense			
Current period	\$	428	200
Adjustment for prior periods		(24)	19
	-	404	219
Deferred tax expense			
Origination and reversal of temporary differences		6,298	758
Income tax expense from continuing operations	\$	6,702	977

Notes to the Consolidated Financial Statements

Reconciliations of the Group's income tax expenses and the income before tax for the years ended December 31, 2023 and 2022 were as follows:

		2023	2022	
Income before tax	\$	110,089	78,486	
Income tax using the Company's domestic tax rate	\$	22,018	15,697	
Effect of tax rates in foreign jurisdiction		10,993	2,178	
Adjustment under tax laws		(2,620)	(5,769)	
Loss from equity investments under the equity method		2,471	3,232	
Dividend income		-	(96)	
Recognition of previously unrecognized tax losses		-	(16,723)	
Unrecognized deferred tax assets resulting from tax				
loss		8,752	-	
Surtax on unappropriated earnings		388	-	
Overestimate of previous deferred tax assets		538	1,544	
Change in unrecognized deductible temporary				
differences		(30,991)	2,134	
Underestimate of previous income tax		-	19	
Others		(4,847)	(1,239)	
In come tax expense	\$	6,702	977	

(ii) Deferred income tax assets and liabilities

1) Unrecognized deferred tax assets

Deferred income tax assets had not been recognized in respect of the following items:

	De	ecember 31, 2023	December 31, 2022
Deductible temporary differences	\$	-	154,955
The carryforward of unused tax losses		1,579,793	1,731,143
	\$	1,579,793	1,886,098

Tax losses of a company can be carried forward to offset its future taxable income for a period of ten years in accordance with the Income Tax Act of the ROC. Based on the local tax credit regulations, losses incurred by foreign consolidated subsidiaries can be deducted from their income tax. Deferred tax assets have not been recognized in respect of these items because it is not probable that future taxable profit will be available against which the Group can utilize the benefits therefrom.

Notes to the Consolidated Financial Statements

As of December 31, 2023, the information of the Group's unutilized business losses for which no deferred tax assets were recognized is as follows:

a) Taiwan

Year of tax loss occurred	I	Amount	Year of expiration
2014	\$	34,816	2024
2015		95,026	2025
2016		298,592	2026
2017		71,323	2027
2019		25,418	2029
2020		679,502	2030
2023		75,575	2033
	\$	1,280,252	

b) United States (Federal tax)

				Year of
	Year of tax loss occurred	_ A	Amount	expiration
2012		\$	9,462	2032
2013			16,247	2033
2014			6,717	2034
2015			44,122	2035
2016			45,799	2036
2018			35,853	2038

Balance at December 31, 2023	s	5,824	15,279	11,200	4,871	37,174

(Continued)

Notes to the Consolidated Financial Statements

		Loss forwards	Allowance for inventory valuation	Impairment loss	Others	Total
Balance at January 1, 2022	\$	6,054	21,927	11,200	3,864	43,045
Recognized in profit or loss		(242)	(828)	-	312	(758)
Effect of change in exchange rate		656	334	<u> </u>	101	1,091
Balance at December 31, 2022	s	6,468	21,433	11,200	4,277	43,378

(iii) Income tax assessment

The ROC income tax authorities have examined the Company's income tax returns for all years through 2021.

(n) Capital and other equity

As of December 31, 2023 and 2022, the total value of authorized ordinary shares amounted to \$7,000,000 thousand, with par value of \$10 per share, divided into 700,000 thousand shares. The number of authorized shares included ordinary shares and preference shares, of which 30,999 thousand and 24,799 thousand ordinary shares were issued. In addition, 1 thousand preference shares were issued. All issued capital was fully paid in. The preference shares were classified under equity.

For the years ended December 31, 2023 and 2022, the reconciliation of outstanding shares of the Company was as follows:

		(E	Express in thou	sand shares)	
	Ordinary	shares	Preference shares		
	2023	2022	2023	2022	
Beginning balance on January 1	24,799	24,799	1	1	
Issuance of stock dividends	6,200				
Balance at December 31	30,999	24,799	1	1	

(i) Capital stock

In the shareholders' meeting of the Company held on June 13, 2023, the Company resolved to increase capital from the unappropriated retained earnings amounting to 61,998 thousand, with par value of \$10 per share, by issuing 6,200 thousand shares. The record date of the aforementioned capital increase was October 22, 2023. The related statutory registration procedure was completed.

According to the Company's articles of incorporation, the rights and obligations of the 20% cumulative convertible preference shareholders are as follows:

1) Annual earnings, after making up accumulated deficits and appropriating legal reserve, are distributed, at 20% of par value, as dividends and bonus to the cumulative convertible preference shareholders.

Notes to the Consolidated Financial Statements

- 2) Dividends and bonus are paid annually after being approved and declared in the annual ordinary shareholders' meeting. Dividends are calculated based on the prior year's days outstanding; however, upon conversion of their preference shares into ordinary shares, the cumulative convertible preference shareholders waive their rights to the current year's profit distribution.
- 3) Dividends and bonus in arrears must be made up in a later year before profits are distributed to ordinary shareholders. Upon conversion of preference shares into ordinary shares, dividends and bonus in arrears should be paid in full, and a cumulative convertible preference shareholders is precluded from sharing in the prior years' profit distribution with the ordinary shareholders. Except for the differences in dividend distribution, a 20% cumulative convertible preference shareholder shares the same rights or obligations as the ordinary stockholders.
- 4) One year after issuance, the cumulative convertible preference shareholders may, at their option, in June of every year, exchange their convertible preference shares for ordinary shares at a 1:1 ratio.
- 5) A cumulative convertible preference shareholder has a higher claim than the ordinary shareholders to the remaining assets in the event of the Company's liquidation, and is limited to the issuance amount of the cumulative convertible preference shares. Unless otherwise stipulated in the articles of incorporation, a cumulative preference shareholder has no other rights or obligations.
- (ii) Capital surplus

The Company's capital surplus were as follows:

	Decem	ber 31,	December 31,	
	20	23	2022	
Donation from shareholders	\$	35	35	

- (iii) Retained earnings—Distribution of retained earnings
 - 1) Legal reserve

The ROC Company Act stipulates that companies must retain 10% of their annual net earnings, as defined in the Act, until such retention equals the amount of issued share capital. When a company incurs no loss, it may, pursuant to a resolution to be adopted by the shareholders' meeting as required, distribute its legal reserve by issuing new shares or distributing cash. Only the portion of legal reserve which exceeds 25% of the issued share capital may be distributed.

Notes to the Consolidated Financial Statements

2) Special earnings reserve

In accordance with Ruling issued by the FSC, a portion of current-period earnings and undistributed prior-period earnings shall be reclassified as a special earnings reserve during earnings distribution. The amount to be reclassified should be equal to the difference between the total net current-period reduction of other shareholders' equity. Similarly, a portion of undistributed prior-period earnings shall be reclassified as a special earnings reserve (which does not qualify for earnings distribution) to account for cumulative changes to other shareholders' equity pertaining to prior periods. Amounts of subsequent reversals pertaining to the net reduction of other shareholders' equity shall qualify for additional distributions.

3) Distribution of retained earnings

In accordance with the Articles of Incorporation, the Company's net earnings should first be used to pay taxes, and then to offset prior years' deficits. Of the remaining balance, 10% is to be appropriated as legal reserve, unless the accumulated legal reserve has reached the Company's paid-in capital, and priority is given to the payment of unpaid dividends to preference shares. In addition, depending on the Company's operational needs and laws and regulations, a special reserve may be set aside. If there are any unappropriated earnings at the beginning of the period, the Board of Directors will prepare a distribution plan and submit it to the shareholders' meeting for approval. The aforementioned distribution by cash shall be authorized by a majority vote of the Board of Directors with at least two-thirds of the directors present, and shall be reported to the stockholder's meeting.

The distributable earnings can be distributed as dividends in consideration of the characteristics of the industrial growth, the Company's financial structure, and the investors' best interests, but at least 50% of the distributable earnings should be distributed to shareholders, except that the cumulative distributable earnings may not be distributed if the cumulative distributable earnings are less than 1% of the paid-in capital. Such distributions, considering the capital surplus, retained earnings, future capital requirements, long-term financial planning, and maintenance of the dividend distribution level, shall be no more than 40% of the total stockholders' bonus, and the rest shall be distributed as stock dividends.

In accordance with the articles of incorporation amended on June 13, 2023, cash dividends shall be no more than 80% of the total stockholders' bonus, and the remainder shall be distributed as stock dividends.

Notes to the Consolidated Financial Statements

On June 13, 2023 and June 10, 2022, the shareholders' meeting resolved to distribute the 2022 earnings and the 2021 earnings, respectively. These earnings were appropriated as follows:

		2022		2021		
	pei	nount share dollars)	Amount	Amount per share (NT dollars)	Amount	
Dividends distributed to ordinary shareholders:						
Cash	\$	-	-	1.00	24,799	
Stock		2.50	61,998	-		
Total		\$ _	61,998		24,799	
Dividends distributed to preference shareholders:		-				
Cash	\$	2.00	2	2.00	405	

The Company's accumulated undistributed dividends for preference shares amounted to \$2 thousand as of December 31, 2023 and 2022, respectively. The dividends distributed to preference shares in 2022 were accumulated from 2008 to 2021.

On March 13, 2024, the Company's Board of Directors resolved to appropriate the 2023 earnings as follows:

	2023		
	pe	nount r share dollars)	Amount
Dividends distributed to ordinary shareholders: Stock	\$	3.00	92,998
Dividends distributed to preference shareholders:		_	
Cash	\$	2.00 =	2

Notes to the Consolidated Financial Statements

(ii) Contract Balance

	De	ecember 31, 2023	December 31, 2022	January 1, 2022
Notes receivable	\$	-	-	116
Accounts receivable		52,666	89,909	70,836
Accounts receivable – related parties		165	774	-
Less: allowance for impairment			73	
Total	\$	52,831	90,610	70,952
Contract liabilities	\$	20,050	10,572	18,454

Please refer to the note 6(b) for the details on notes receivable, accounts receivables and allowance for impairment.

The contract liabilities are mainly due to advance receipts, wherein the Company will recognize revenue when the product is delivered to the customer.

The amount of revenue recognized for the December 31, 2023 and 2022 that were included in the contract liabilities at the beginning of the period were \$9,524 thousand and \$10,863 thousand, respectively.

(q) Remunerations to employees and directors

In accordance with the articles of incorporation, the Company should contribute no less than 10% of the profit as employee remuneration and less than 2% as directors' remuneration when there is profit for the year. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficit. The amount of remuneration of each director and of remuneration for employees entitled to receive the abovementioned employee remuneration is approved by the Board of Directors. The recipients of shares and cash may include the employees of the Company's controlling or affiliated companies who meet certain conditions.

In accordance with the articles of incorporation amended on June 10, 2022 the Company should contribute no less than 5% of the profit as employee remuneration and less than 4% as directors' remuneration when there is profit for the year. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficit. The amount of remuneration of each director and of remuneration for employees entitled to receive the abovementioned employee remuneration is approved by the Board of Directors. The recipients of shares and cash may include the employees of the Company's controlling or affiliated companies who meet certain conditions.

Notes to the Consolidated Financial Statements

For the years ended December 31, 2023 and 2022, the estimated employee remuneration amounted to \$9,816 thousand and \$7,155 thousand, respectively, and the estimated directors' remuneration amounted \$3,681 thousand and \$2,683 thousand, respectively. The estimated amounts mentioned above were calculated based on the net profit before tax, excluding the remuneration to employees and directors, multiplied by the percentage of remuneration to employees and directors as specified in the Company's articles, and expensed under operating expenses, the related information would be available at the Market Observation Post System Website. If there are any subsequent adjustments to the actual remuneration amount, the adjustments will be regarded as changes in accounting estimate and will be recognized in profit or loss in the following year. The amounts, as stated in the consolidated financial statements, were identical to those of the actual distributions for 2023 and 2022.

Notes to the Consolidated Financial Statements

(s) Financial instruments

(i) Credit risk

1) Credit risk exposure

The maximum credit risk exposure of the Group's financial assets is equal to their carrying amount.

2) Concentration of credit risk

As of December 31, 2023 and 2022, 21% and 37%, respectively, of the accounts receivable were from the sales to one customer. In addition, for the years ended December 31, 2023 and 2022, 65% and 73%, respectively, of the sales of the Group were concentrated in the Americas and Europe.

(ii) Liquidity risk

The following are the contractual maturities of financial liabilities, including estimated interest payments but excluding the impact of netting agreements.

Contractu							
		arrying amount	al cash flows	Within a year	1-2 years	2-5 years	Over 5 years
December 31, 2023							
Non-derivative financial liabilities							
Short-term borrowings	\$	552,000	554,752	554,752	-	-	-
Notes payable		61	61	61	-	-	-
Accounts payable		100,236	100,236	100,236	-	-	-
Other payables		82,694	82,694	82,694	-	-	-
Lease liabilities		85,367	89,807	21,615	20,717	47,475	-
Guarantee deposits received		6,672	6,672	3,107	100	3,465	-
Preference shares (including preference shares dividends)	_	11	13	13			
	\$_	827,041	834,235	762,478	20,817	50,940	
December 31, 2022	_						
Non-derivative financial liabilities							
Short-term borrowings	\$	579,000	583,185	583,185	-	-	-
Notes payable		221	221	221	-	-	-
Accounts payable		109,894	109,894	109,894	-	-	-
Other payables		71,483	71,483	71,483	-	-	-
Lease liabilities		20,878	21,357	17,413	2,234	1,710	-
Guarantee deposits received		6,731	6,731	3,524	3,107	100	-
Preference shares (including preference shares dividends)	_ \$_	11 788,218	13 792,884	13 785,733	5,341	1,810	

The Group does not expect that the cash flows included in the maturity analysis would occur significantly earlier or at significantly different amounts.

Notes to the Consolidated Financial Statements

(iii) Currency risk

1) Exposure to foreign currency risk

The Group's financial assets and financial liabilities exposed to significant currency risk were as follows:

]	Foreign	Exchange	
	<u>c</u>	urrency	rate	NTD
December 31, 2023				
Financial assets:				
Monetary items:				
USD	\$	23,689	30.71	727,489
Financial liabilities:				
Monetary items:				
USD	\$	1,574	30.71	48,338
December 31, 2022				
Financial assets:				
Monetary items:				
USD	\$	19,600	30.71	601,916
Financial liabilities:				
Monetary items:				
USD	\$	1,815	30.71	55,739

2) Sensitivity analysis

The Group's exposure to foreign currency risk arose from cash and cash equivalents, accounts receivable, accounts payable and other payables that were denominated in foreign currencies. 1% appreciation (depreciation) of the TWD against the USD as of December 31, 2023 and 2022, with all other variable factors remaining constant, would have (decreased) increased the net income before tax for the years ended December 31, 2023 and 2022 by \$6,792 thousand and \$5,462 thousand, respectively. The analysis was performed on the same basis for both periods with all other variable factors remaining constant.

3) Foreign exchange gain and loss on monetary item

Due to the numerous types of functional currency, the Group aggregately discloses its exchange gains and losses on monetary items. The Group's exchange gains (losses), including realized and unrealized, were \$(3,208) thousand and \$35,349 thousand for the years ended December 31, 2023 and 2022, respectively.

(iv) Interest rate risk analysis

Please refer to the notes on liquidity risk management for the interest rate exposure of the Group's financial assets and liabilities.

Notes to the Consolidated Financial Statements

The following sensitivity analysis is based on the risk exposure to interest rates of the derivative and non-derivative financial instruments on the reporting date. For floating-rate instruments, the sensitivity analysis assumes the liabilities with a floating rate as of the reporting date are outstanding for the whole year.

If the interest rate had increased/decreased by 1%, the Group's net income before tax would have decreased/increased by \$5,520 thousand and \$5,790 thousand for the years ended December 31, 2023 and 2022, respectively, with all other variable factors remaining constant. This is mainly due to the Group's borrowings at floating rates.

(v) Fair value

1) Categories and fair value of financial instruments

The carrying amount and fair value of the Group's financial assets and liabilities, including the information on fair value hierarchy were as follows; however, except as described in the following paragraphs, for financial instruments not measured at fair value whose carrying amount is reasonably close to the fair value, and for equity investments that has no quoted prices in the active markets and whose fair value cannot be reliably measured, disclosure of fair value information is not required:

		December 31, 2023						
	Carrying		Fair	value				
	amount	Level 1	Level 2	Level 3	Total			
Financial assets at fair value through other comprehensive income								
Unlisted stocks (overseas)	\$53			53	53			
		De	ecember 31, 202	2				
	Carrying		Fair	value				
	amount	Level 1	Level 2	Level 3	Total			
Financial assets at fair value through other comprehensive income								
Unlisted stocks (domestic)	\$ 622	-	-	622	622			
Unlisted stocks (overseas)	57	-	-	57	57			
Total	\$ 679			679	679			

2) Valuation techniques for financial instruments measured at fair value — Non-derivative financial instruments

If there are quoted prices in active markets for financial instruments, the fair value of those prices may be based on the quoted market prices. The market prices announced by Securities Exchange and Over the Counter are the benchmarks used for the fair value of equity instruments and liability instruments traded in active markets.

Notes to the Consolidated Financial Statements

If the quoted prices from stock exchanges, brokers, underwriters, industry associations, pricing agencies or authorities are timely and frequently, and that the price fairly presents the market transaction, the financial instrument is regarded to have a quoted price in an active market. If the aforementioned conditions are not fulfilled, the market is regarded as inactive. Generally, large or significantly widen bid-ask spread, or significantly low trading volume are indications of an inactive market.

If the financial instrument held by the Group is an equity investment without an active market, its fair value will have to be derived using the market approach. The fair value can be estimated based on the valuation of the comparable company and the quoted price provided by third parties, as well as the equity value of the comparable company and its operating performances. Whereas the liquidity discount is a significant unobservable input in valuing equity investment, its potential changes will not cause material impact on financial figures, and therefore, its quantitative information need not be disclosed.

3) Reconciliation of Level 3 fair values

	throu compi	value gh other ehensive come
	_	ted equity uments
Balance at January 1, 2023	\$	679
Total loss recognized:		
In other comprehensive income		(45)
Disposal		(581)
Balance at December 31, 2023	\$	53
Balance at January 1, 2022	\$	1,803
Total loss recognized:		
In other comprehensive income		(1,124)
Balance at December 31, 2022	\$	679

The aforementioned total loss was included in unrealized gains and losses from financial assets at fair value through other comprehensive income.

Notes to the Consolidated Financial Statements

4) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement.

Quantified information of significant unobservable inputs was as follows:

Item	Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Financial assets at	Comparative	· Multiplier of price-to-	The estimated fair
fair value through	listed company	book ratio (As of	value would
other		December 31, 2023	increase (decrease)
comprehensive		and 2022 were 0.08	if
income – equity investments		and 0.08~1.00 respectively.)	· the multiplier were higher
without an active		 Market illiquidity 	(lower)
market		discount rate (As of	· the market
		December 31, 2023	illiquidity
		and 2022 were 20%)	discount were lower (higher)

5) Fair value measurements in Level 3— sensitivity analysis of reasonably possible alternative assumptions.

The Group's measurement of the fair value of financial instruments is reasonable, but the use of different evaluation models or parameters may result in different results. For fair value measurements in Level 3, changing one or more of the assumptions would have the following effects on profit or loss and other comprehensive income:

			Other comprehe	r comprehensive income		
	Input	Assumptions	Favorable	Unfavorable		
December 31, 2023						
Financial assets at fair value through other comprehensive income						
Equity investments without an active market	Market liquidity discount at 20%	5%	\$ 3	(3)		
December 31, 2022						
Financial assets at fair value through other comprehensive income						
Equity investments without an active market	Market liquidity discount at 20%	5%	42	(42)		

The favorable and unfavorable effects represent the changes in fair value, and fair value is based on a variety of unobservable inputs calculated using a valuation technique.

Notes to the Consolidated Financial Statements

(t) Financial risk management

(i) Overview

The Group is exposed to the following risks arising from financial instruments:

- 1) Credit risk
- 2) Liquidity risk
- 3) Market risk

This note discloses information about the Group's exposure to the aforementioned risks, and its goals, policies, and procedures regarding the measurement and management of these risks. For additional quantitative disclosures of these risks, please refer to the notes regarding each risk disclosed throughout the financial report.

(ii) Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board is also responsible for developing and monitoring the Group's risk management policies.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

(iii) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities.

1) Accounts receivable

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the demographics of the Group's customer base, including the default risk of the industry and country in which customers operate, as these factors may have an influence on credit risk.

The Group has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes the history of transactions with the counter-party, its financial position, and geographic considerations. Purchase limits are established for each customer, which represent the maximum open amount without requiring approval; these limits are reviewed on a periodic basis. Customers that fail to meet the Group's benchmark creditworthiness may transact with the Group only on a prepayment basis.

Notes to the Consolidated Financial Statements

The Group has established an allowance of doubtful accounts to reflect actual and estimated potential losses resulting from uncollectible account and trade receivables. The allowance of doubtful accounts consists primarily of specific losses regarding individual customers and estimates of potential losses based on statistics from payment histories of similar customer groups.

2) Investments

The credit risk exposure in the bank deposits and other financial instruments is measured and monitored by the Group's finance department. Since those who transact with the Group are banks and other external parties with good credit standing, there is no significant credit risk.

3) Guarantees

The Group's policy allows it to provide financial guarantees to companies which it has business relationship with, as well as those companies who hold more than 50% of the voting rights of the company, either directly or indirectly. As of December 31, 2023 and 2022, the Company did not provide any financial guarantees to its subsidiaries.

(iv) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it always has sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

(v) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates, and equity prices, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

1) Currency risk

The Group is exposed to currency risk on sales, purchases, and borrowings that are denominated in currencies other than the respective functional currencies of the Group, primarily the NTD, USD and CNY. The currencies used in these transactions are the NTD, USD and CNY.

The Group relies on immediate foreign exchange transactions at spot rate to ensure the net exposure to foreign exchange risk is maintained within prescribed limits in order to manage market risk.

The Group's foreign currency assets and liabilities are influenced by foreign exchange rates. However, the amount is not significant after offsetting the assets against the liabilities. Therefore, market risk is maintained within prescribed limits.

Notes to the Consolidated Financial Statements

2) Interest rate risk

The interest rates of the Group's short-term borrowings are floating. Hence, changes in market conditions will cause fluctuations in the effective interest rate and the future cash flow of the aforementioned loans. Because of the stable financial environment in which the Group operates and the stable fluctuating range of the market interest rate, it should not cause significant risks due to the changes in interest rate.

(u) Capital management

The Group's objectives for managing capital are to safeguard the capacity to continue to operate, to provide a return to shareholders and benefits to other related parties, and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the dividend payment to the shareholders, or issue new shares to settle long-term liabilities.

The Group uses the debt ratio to manage capital. This ratio is debt divided by total assets. Debt is derived from the total liabilities on the balance sheet. Total assets include share capital, capital surplus, retained earnings, other equity, and non-controlling interests plus debt.

The Group's debt ratio at the reporting date was as follows:

	December 31, 2023	December 31, 2022
Total liabilities	\$ <u>878,750</u>	830,585
Total assets	\$ <u>1,306,981</u>	1,156,327
Debt ratio	<u>67</u> %	72 %

As of December 31, 2023, there were no material changes to the capital management of the Group.

(v) Investing and financing activities not affecting current cash flow

The Group's investing and financing activities that did not affect the current cash flow in the years ended December 31, 2023 and 2022 were to obtain right-of-use assets under leases.

For the years ended December 31, 2023 and 2022, the reconciliation of liabilities arising from financing activities was as follows:

				Non-cash		
	J	anuary 1, 2023	Cash flows	Acquisition right-of-use assets	Effect of changes in exchange rate	December 31, 2023
Short-term borrowings	\$	579,000	(27,000)	-	-	552,000
Lease liabilities		20,878	(20,139)	84,636	(8)	85,367
Guarantee deposits received	_	6,731			(59)	6,672

- Note 3: In accordance with the "Regulations on Permission for Investment or Technical Cooperation in Mainland China" and the Principles for Examination of Applications for Investment or Technical Cooperation in Mainland China amended and ratified by the Executive Yuan on August 22, 2008, the Company met the criteria for operational headquarters under the Statute for Industrial Innovation and obtained approval from the Industrial Development Bureau Ministry of Economic Affairs, on June 8, 2023. As it has an operational headquarters status, the Company is not subject to the limitation as to the amount of investment in Mainland China during the period from June 5, 2023 to June 4, 2026.
- (iii) Significant transactions with investees in Mainland China:

Related information is provided in note 13(a)(x).

Note 2: The transactions within the Group were eliminated in the consolidated financial statements

Note 3: The Company's accounts receivable was offset against the credit balance of the investments of Durabook, accounted for using the equity method

Note 4: Please refer to note 13(a)(x) Note 3.

Notes to the Consolidated Financial Statements

(d) Major shareholders:

Unit: share

Sharehold Shareholder's Name	ing Shares	Percentage
Kaos Enterprise Co., Ltd.	4,966,643	16.02 %
Protegas Futuro Holdings, LLC	4,387,943	14.15 %
Outstanding Corporation	2,055,600	6.63 %
KANG EEL SHIUAN Co., Ltd.	1,739,158	5.61 %

(14) Segment information

(a) General information

The Group is mainly engaged in the design, manufacture and sale of computers, as well as related products. The management regularly reviews the Group's overall performance to evaluate the efficiency of each segment and allocate its resources accordingly. The Group is identified as a sole operating segment.

(b) Information about the products and services

Revenue from the external customers of the Group was as follows:

Products and services	2023	2022
Laptop	\$ 901,976	748,585
Mainboard	98,957	74,212
Sales of materials and others	 79,686	111,340
Total	\$ 1,080,619	934,137

(c) Geographical information

In presenting information on the basis of geography, segment revenue is based on the geographical location of the customers and segment assets are based on the geographical location of the assets.

Geographic information	2023	2022	
Revenue from external customers:	_		
United States	\$ 273,005	287,863	
Hong Kong	135,642	22,612	
Germany	134,478	130,722	
France	98,315	65,162	
Taiwan	91,279	107,843	
China	44,973	58,488	
Others	 302,927	261,447	
Total	\$ 1,080,619	934,137	

Notes to the Consolidated Financial Statements

Geographical information	Dec	December 31, 2022	
Non-current assets:		_	
Taiwan	\$	505,661	450,356
China		60,683	63,126
United States		5,268	5,679
Total	\$	571,612	519,161

Non-current assets include property, plant and equipment, right-of-use assets, investment property and other assets, not including financial instruments, deferred tax assets, and rights arising from insurance contract.

(d) Information about major customers

For the years ended December 31, 2023 and 2022, the Group's major customers whose revenue was 10% or more of the net sales were as follows:

	2023	2022	
Customer D	\$ 142,804	106,163	
Customer P	(Note 1)	95,129	

Note 1: Revenue from the aforementioned customers was less than 10% of the net sales in 2023.
